IWFM IMPACT AWARDS*

The IWFM Impact Awards recognise and showcase best-in-class workplace and facilities management and evidence its impact on business, the economy and society.

Workplace and facilities management professionals are responsible for services that enable and support business. As such the IWFM Impact Awards are much more than just a 'ceremony'; winners and finalists serve as a source of best practice for peers to be inspired from, and to learn from.

As the industry leading Awards, the IWFM Impact Awards seek out the gold standard across workplace and facilities management. Entries come from a cross-section of organisations - regardless of size, type and sector - from across the world. This means that being a finalist, or a winner, is a true achievement and testament to the great work carried out by the individual, team, project, collaboration or organisation.

Our past winners act as a legacy for others to look to for inspiration and chart a history of how the facilities management profession has evolved. As a sponsor of the 2024 Awards your organisation will associate with the very best in the industry and benefit from a long-term promotion campaign.

**Join us for the Awards Ceremony on the 14th October 2024
at the JW Marriott Grosvenor House London.**

*IWFM IMPACT AWARDS are managed by Redactive Media Group, the award winning events and content agency who publish *Facilitate* magazine for IWFM

PREVIOUS SPONSORS

Thomson FM were delighted to be an award category sponsor for the third year in a row. This event is the only awards that we do sponsor, due to it's prestige and size within the Facilities Management and Workplace profession. It is always a wonderful means to showcase the great things that are happening in the profession and it is important to us as an FM Consultancy business to be associated with it.

Fantastic event and definitely the highlight of the FM calendar. Good to see so many people there, very well organised and just a brilliant event to be part of. This was my first one and will now be attending every year!!

-Paul Halbert - Yesss Electrical

"We first decided to partner with the IWFM Impact Awards back in 2022 where our headline sponsorship proved to be a fantastic platform to profile Waste to Wonder Worldwide at such a prestigious event and a truly wonderful venue! So much so that we became headline sponsor again in 2023!

Each year the IWFM Impact Awards continue to deliver a spectacular evening of networking helping us to promote the ESG Agenda and our ethical clearance solution whilst creating long term business relationships. Thank you to all the staff who helped to create an unforgettable night."

- Michael Amos, Managing Director, Waste to Wonder Worldwide
